Character Set 03095

Registration Date	2011-07-28
Category of Registration	Unrestricted
Common Name	IBM Advanced Function Printing (AFP) PUA No. 1
Set Size	175
Code Page(s) registered as CGCSGID with this Character Set	01445
Other Code Page(s) containing this Character Set (partial list)	
Status	Registered
Last Revision Date	2012-05-07
Countries/Regions	All; Specials
Languages	All; Specials

Application Notes:

1. This character set contains the set of 171 characters populating CPGID 01445 which is the code page for the IBM Advanced Function Printing (AFP) Private Use Area No. 1, defined for use in row FF of the Private User Area Plane 15 (x0F) of ISO/IEC 10646 and Unicode. Unlike other character sets, there is no assumed SPACE (SP010000) character with this set.
2. Nov 16, 2011 - Replaced AFP (IXA0*) GCGIDs with 'Far East' GCGIDs (U0FF*).
3. May 7, 2012 - Added four (4) new characters: SF5700H0 (Solid Fill Character, Bottom Half - Halfwidth), SF6100H0 (Solid Fill Character - Halfwidth), SM7800H0 (Left-Right Arrow Halfwidth) and SM9100H0 (Two Musical Notes - Halfwidth).
